Burke Boxes

These portable boxes are filled with scientific specimens and cultural artifacts for all ages, designed to supplement the study of various topics in cultural and natural history. Each box includes background information, activity suggestions, and lesson plans.

Prices range from \$30-60 for 2 weeks

The Burke Museum provides high quality science and cultural learning experiences to students of all ages in Washington State.

Burke Museum education is active year round with programs for students, teachers, and families.

In addition to traditional tours and exhibits, the Burke Museum also offers online exhibits that are rotated several times a year.

Burkemobile

This special traveling program sends Burke educators with real museum objects and hands-on activities to classrooms across the state. Earth science, life science, or arts and cultural heritage programs are available.

For more information contact Burke Education by e-mail at burked@uw.edu or call 206-543-5591.

Additional Resources/Activities

Teacher guides, curricula, activities
Burke Kids: online games and activities ages 6-12
Workshops for Educators
Summer Programs
Discovery in Geosciences (DIG) Field School

The Burke Museum creates a better understanding of the world and our place in it. The museum is responsible for Washington State collections of natural and cultural heritage and sharing the knowledge that makes them meaningful. The Burke welcomes a broad and diverse audience and provides a community gathering place that nurtures life-long learning and encourages respect, responsibility and reflection.
